

Lesson Plan

Chapter 1

Faith Explorers

Grade 3 & 4

God Who give the Life

Objective

Objective of this lesson is to understand that God loves us and created us & everything in this nature for us so that we may love God.

At the end of the lesson the students should be able to know

- a) *Living things have specialties.***
- b) *God has given us life.***
- c) *Human happiness is in living with God***

Introduction

Show pictures of different things and let the children identify them. Compare between living things and non-living things.

Presentation of the Topic

Introduction (5 minutes):

- Discuss God's creation (heaven, earth, humans, animals, plants).
- Use visuals (pictures, videos) to illustrate.

2. Story Time (10 minutes):

- Share the story of Adam and Eve in the Garden of Eden (Genesis 2:7).
- Highlight their relationship with God and creation.

3. Reflection (5 minutes):

- Discuss how God's creation shows His love for us.
- Explore ways to appreciate and care for creation.

Habit Formation

- a) To do good to others.
- b) Always be joyful in your behaviour.
- c) Don't hurt living things.

Activity

1) Drawing:

- Ask students to draw their favorite aspect of God's creation (e.g., animals, plants, humans).

2) Discuss:

Divide students into small groups to discuss:

- How can we show appreciation for God's creation?

Bible Verse

John 15:5 "I am the vine; you are the branches. Those who abide in me and I in them bear much fruit"

Conclusion

Encourage students to reflect on God's love in their daily lives.
