

## The Word of God and Christian Life

### Objective

By the end of the lesson, students will be able to:

- Understand the importance and power of the Word of God in Christian life.
- Recognize how the Word of God leads to conversion, holiness, and eternal life.
- Develop a habit of listening to, reading, and living according to the Word.
- Express their personal relationship with the Word creatively and practically.

### Introduction

#### “Bible Verse in a Box” Activity

Materials: A transparent jar/box/ bottle labeled ‘WORD OF LIFE’ with slips of paper containing Bible verse.

Steps:

1. In the class, hand each student a small slip of paper with an inspirational Bible phrase (e.g., “You are the light of the world,” “Fear not, I am with you,” etc.).
2. Ask them to silently read it and write one word about what they felt after reading it (e.g., peace, hope, strength).
3. Collect all the slips in the “Word of Life” bottle.

4. Tell them — Just as each of your slips holds a word that inspired you, the Word of God fills our life with light, peace, and direction. Today, we will discover how.

✨ This builds curiosity and emotional connection right from the start.

## Presentation of the Topic

Use storytelling + visuals + group discussion to bring out the main ideas.

***Let the children recite these 3 statements:***

***1. The Word converts.***

***2. The Word sanctifies.***

***3. The Word gives life.***

Part A: The Power of the Word (Story-based)

- ☐ Tell the story of Zacchaeus (Lk. 19:1-10) — how hearing Jesus' words changed his life.

Ask: What made Zacchaeus change instantly? Can a few words really transform someone?

Part B: The Word Gives Life

- ☐ Explain that God's Word gives spiritual, emotional, and even physical strength — just as Jesus' word raised Lazarus and healed the sick.

Part C: Living the Word

- ☐ Ask groups of students to discuss real-life examples of each (from saints, Bible stories, or their own experiences), How did they live the word of God?

***Conclude: Yes, because the Word of God carries the power of God Himself***

They then share in one line: "The Word of God can..." (e.g., "The Word of God can change anger into peace.")

# Habit Formation

Encourage students to form a “Word of God Moment” each day.

Every morning, I will read one Bible verse and ask, “What is God telling me today?”

## Activity

Let the children write their favourite 5 Bible verse in their notebook.

## Bible Verse

Read and Learn

**The words that I have spoken to you are spirit and life.** — John 6:63

## Conclusion

End with a short prayer:

**O Jesus, Your words are spirit and life. Let Your Word light my path, purify my heart, and strengthen me to live according to Your will. Amen.**
